CHAPTER ONE
Scope

Article 1 – Education in the double major, minor and honors programs at Istanbul Bilgi University are governed by the provisions of this Regulation.

Any matters not governed by this Regulation are subject to the provisions of the Credit Based Undergraduate Education and Examination Regulations for Bachelor’s and Associate Degrees.

CHAPTER TWO
Double Major Education

Description

Article 2 - Double major education is a program where undergraduate students of the University are enrolled in order to earn a second bachelor's degree.

The undergraduate program which the student is enrolled on the application date is referred to as the "Major Program" while the second program the student applies for and is admitted is called the "Minor" program.

Undergraduate programs suitable for double major education are identified by decision of the Academic Board upon recommendation of the relevant departments and the faculty boards. ¹

¹ Additional clause: O.J. August 17, 2010/27675.
**Bilgi Double Major Regulation**

**Conditions of Application and Admission to the Double Major Program**[^2]

**Article 3** – Applications for a double major education program require enrollment to an undergraduate program of the University. 

3 Students enrolled in an international program may apply for double major only in a different undergraduate program of their respective faculty.

Applications for a double major must be made no earlier than the third semester and no later than the fifth semester. The actual period of education shall govern for students who file their application in the next semester due to additional courses and credits attended. Dates of application are identified by the Executive Board.[^4]

Except for the students who lost their double major status due to their admission to double major in a different program, and those who lost their double major status pursuant to paragraph 7 of this clause, students who lost their double major status for any reasons or who are off register for double major are not allowed to apply for a double major or to continue the double major program.

Students who apply for double major education are required to:

a) Successfully complete all requirements of the first two semesters of their current undergraduate programs for applications at the beginning of the third semester, the first three semesters for applications at the beginning of the fourth semester, and the first four semesters for applications at the beginning of the fifth semester, and compulsory credit load,

b) Successfully complete all courses attended,

c) Achieve a minimum overall GPA of (3.00) over (4.00), and

c) Pursuant to the provisions of article 13 of the Credit Based Undergraduate Education and Examination Regulations for Bachelor’s and Associate Degrees as promulgated in the Official Journal dated 11/11/2002 and Nr. 24933, rank in the first 20% of the selected category.[^5]

In cases where the students attend summer classes of the University or other institutions of higher education, the ranks after the summer school shall apply.[^6]

Students may not matriculate in multiple double major programs or in the major and minor program of the same degree programs simultaneously. However, second and minor of different degree programs can be matriculated simultaneously. The status during the course of the current second major of students who apply for double major in a different major is terminated upon the approval of their application.[^7]

[^2]: Pursuant to the transitory article 1, and except for the 6th and final paragraphs, this clause shall also apply for students admitted for double major or minor programs before the Academic Term of 2010-2011.

[^3]: Pursuant to the transitory article 1, this clause shall also apply for students admitted for double major or minor program during the Academic Terms of 2010-2011, 2011-2012, 2012-2013 and 2013-2014.

[^6]: Amended sub-paragraph: O.J. August 17, 2010/27675.

[^7]: Amended paragraph: O.J. April 1, 2014/27539.
Decisions on the double major applications are taken by the Executive Board of the faculty of the second major upon recommendation of the Head of Department of student’s respective undergraduate program, and the department of the second double major program, if applicable. However, the number of students admissible to an undergraduate program during an academic year shall not exceed 20% of the number of the principal students during the first year and semester of that specific program. Students are admitted on the basis of their overall GPA in cases where the number of acceptable applications exceed this amount.

Double major graduation programs admitting students through aptitude tests also require successful completion of the aptitude test.

**Credit Load**

**Article 4** – Providing not to exceed eighty (80) credits during an academic year except summer term, double major students may attend courses for maximum forty two (42) credit loads during one semester. However, this limit may be exceeded in cases where the credit of the compulsory courses of the semester which includes the major and the number of credits of the compulsory courses of the semester including the second major exceeds forty two (42) in total. Students who graduate the major, but who do not meet the graduation requirements in terms of the second major may be assessed by the Executive Board of the faculty of the second major and attend courses up to forty five (45) credits during one semester.

---

7 Amended clause: O.J. August 17, 2010/27675.

Pursuant to the transitory article 1, students admitted for double major or minor before the Academic Term of 2010-2011 are subject to the following clause:

“Students may not matriculate in multiple double major programs or in the major and minor program of the same degree programs simultaneously. Double major students who apply for a double major program of a different major lose their current status as a second major or minor student lose their status upon approval of their application.”

8 Amended paragraph: O.J. August 17, 2010/27675.

Pursuant to the transitory article 1, this paragraph does not apply to students admitted for a double major or minor program before the 2010-2011 Academic Year.

10 Pursuant to the transitory article 1, this clause shall also govern students who were admitted for a double major or minor program before the 2010-2011 Academic Year.

Pursuant to the transitory article 1, this clause shall also govern students who were admitted for a double major or minor program during the 2010-2011, 2011-2012, 2012-2013 and 2013-2014 Academic Year.

Double major students attend all compulsory courses for both programs and the elective courses mandatory for selection from the program's course list.

Providing to attend the compulsory courses for both majors, double major students may attend the courses listed in the major program, but which are not compulsory, until the achievement of the credit load as proposed in the first paragraph of this clause.

Students shall attend the courses which equal the missing credits among the free elective courses where the total credits of the compulsory courses of both majors are insufficient to meet the minimum credit load for the relevant semester of the principal major. The credits of the courses attended by the students beyond the double major liability during previous semesters may count for the missing credits on the student’s request.

The enrolment of students who do not attend any courses of the double major program for two consecutive semesters will be suspended from the second major program.

**Academic Standing**

**Article 5** – The enrolment of double major students whose GPA drops below 2.60 or second major GPA below 2.00 for twice during the double major will be suspended from the double major program and the students lose their double major status. ¹⁴ The GPAs for the principal and secondary majors are calculated based on the compulsory courses of the relevant major and those to be attended from the list of elective courses of the major program. ¹⁸

Students losing their double major status due to unsatisfactory progress cannot study double major in any branch. Any restrictions applicable on scholarship students as stipulated in the Higher Education legislation and University Regulations, and legal consequences are reserved.

**Graduation Thesis and Project**

**Article 6** – Double major students are required to enroll for the compulsory thesis courses and prepare a graduation thesis on their principal major. In terms of the second major, students are either required to enroll for the compulsory thesis course and prepare their thesis also for the second major, or attend at least two elective courses which the credit load equals to that of the proposed second major course, and shall substitute the compulsory course and graduation thesis equivalent to the thesis credit for the second major.

¹³ Additional clause: O.J. August 17, 2010/27675.

¹⁴ Amended paragraph: O.J. August 17, 2010/27675.

**Pursuant to transitory article 1, the following provision shall apply for the students admitted to the double major program before the 2010-2011 Academic Year:**

“Students whose overall GPA or the GPA of the second major course falls below (2.00), are off register from the double major program and lose their double major status.”

¹⁷ Appendix (O.J. August 4, 2006/26249) and last paragraph as amended: O.J. April 1, 2014/27539.
Students who progress satisfactorily in these courses are exempt from preparing a thesis for the second major. Providing not to have substituted two elective courses of the second major they attended additionally beyond the double major liability, and which they passed during the course of their education, for a compulsory course or credit load before, and providing to meet the credit of the thesis course, students may opt to substitute for the thesis and graduation course of the second major.

Upon application, the academic board or, in the absence of the former, the executive board of the faculty governing for the principal major may pass a decision for the student's enrolment for the compulsory thesis course of the second major instead of the principal, and preparation of their graduation thesis on the second major; attend at least two elective courses which the credit load equals to the credit for the principal major's thesis course as proposed as the substitute for the compulsory thesis course and graduation thesis for the principal major, and exemption from the liability of preparing a thesis for the principal major providing to achieve satisfactory progress in the said courses. Providing not to have substituted at least two elective courses beyond the double major liability for a compulsory course or credit load before, and providing to meet the credit of the thesis course, students may opt to substitute for the thesis and graduation course of the principal major.

Students may be permitted to prepare graduation thesis or project in the other major by decision of the executive board of their relevant faculty where only one among the principal or second major require a compulsory graduation thesis or project. 16

In order to enroll for a thesis course, students must earn the senior student status in the relevant major pursuant to the provisions of the Istanbul Bilgi University Undergraduate Education and Examination Regulation.

Students whose advisors give consent may prepare a graduation project instead of a graduation thesis.

Matters on thesis and project advisory, graduation thesis or project execution, accomplishment, acceptance and further relevant items are governed by the İstanbul Bilgi University, Credit Based Undergraduate Education and Examination Regulations for Bachelor’s and Associate Degrees, as promulgated in the Official Journal dated November 11, 2002 and Nr. 24933.

Instead of the application seminar or similar courses or practices in the second major curriculum, the executive board of the second major's faculty may impose upon the student the liability for an elective course among the second major's elective courses equaling to the respective credits, and which the elective courses attended and passed by the student in excess beyond his/her double major liability may be substitute for such course load. 17

---

17 Supplemental paragraph: O.J. April 1, 2014/27539.
Graduation

Article 7 – Double major students who satisfactorily pass the curricula of the relevant majors earn two separate license degrees in both majors. However, graduation from the second major requires satisfactory progress for all second major courses with a minimum GPA of 2.80 and 2.00 for the second major, while the credits of the second major courses attended must equal to at least 25% of the total second major credits provided that the number of courses is not less than twelve. This credit must be complemented by second major courses or summer schools of other institutions of higher education, actually attended and passed. 19

Students who satisfy the requirements of the principal major are conferred upon the principal major degree.

Double major students who pass all compulsory double major courses satisfactorily, but do not meet their principal major liabilities, shall earn the second major degree after completing their principal major.

The period of study for students who graduate from the principal major, but who have not met the graduation requirements proposed in the second paragraph of this clause in terms of the second major can be extended maximum for two semesters by decision of the Executive Board of the respective faculty of double major. Students subject to this paragraph are required to meet the enrollment conditions applicable for double major. 20

18 Pursuant to transitory article 1, and except for the 1st and last paragraphs, this clause shall also apply for students admitted to the double major or minor program before the 2010-2011 Academic Year.

Pursuant to transitory article 1, clause shall also apply for students admitted to the double major or minor program in the 2010-2011, 2011-2012, 2012-2013 and 2013-2014 academic year.

Amended paragraph: O.J. June 30, 2014/29046.

19 Instead of this paragraph, students admitted for the double major program before the 2010-2011 Academic Year shall be subject to the following provision:

Double major students who satisfactorily pass the curricula of the relevant majors earn two separate license degrees in both majors. However, graduation from the second major requires pass of all courses of the second major, minimum (2.00) GPA for the second major, and the total credits achieved from the courses attended for this major must be thirty six at minimum.”

Amended paragraph: O.J. August 17, 2010/27675.

20 Instead of this paragraph, students admitted to the double major program before the Academic Term of 2010-2011 are subject to the following provision pursuant to the transitory article 1:

“Provided that the maximum period of study has not expired, students who graduate from the principal major, but do not meet the graduation requirements in terms of the second major program as proposed in the first paragraph of this clause, must complete the second major within two semesters. Such period can be extended by decision of the second major faculty's Executive Board providing the satisfactory progression required for continued second major are met, and the maximum period of study required for the principal major is not exceeded. Students subject to this paragraph are required to meet the enrollment conditions applicable for double major.”
Double major students who satisfy the requirements stipulated in the second paragraph of the 27th clause of the Istanbul Bilgi University Undergraduate Education and Examination Regulation promulgated in the Official Journal dated November 11, 2002 and Nr. 24933, in terms of their principal major, are entitled to attend a supplementary exam for their principal major. To the extent of meeting the conditions listed below, students who graduate from their principal major and qualify to continue their second major program as a result of the supplementary exam, are entitled a supplementary exam during the same semester and semesters continued upon course enrollment:

a) Students who have not satisfied the progression rules of a single course, but meet the required graduation point average, are entitled to a supplementary exam for the unsatisfied course.

b) Students who have not satisfied the progression rules of a single course are entitled to a supplementary exam for the unsatisfied course providing to qualify to meet the graduation point average if the progression of the same course is satisfied.

c) Students who fail to achieve the required graduation point average despite satisfactory progression of all courses required for graduation are entitled to a supplementary exam for a course they elect among the courses of second major, and providing to qualify the GPA requirements if they pass the exam.  

The following rules are applied to the supplementary exams held within the scope of this clause:

a) Supplementary exams are not subject to any restrictions in terms of the highest score and the points scored in the exam replace the former point.

b) Extenuating Circumstances are not accepted for supplementary exams, and the provisions of make-up exams shall not apply.

c) Students who fail to meet the graduation requirements in the supplementary exam are subject to the rules of the repeat courses if applicable for their available period of study.

c) Supplementary exams are held after the finals and make-up exams if applicable.

Withdrawal from Double Major

Article 8 - Double major students may withdraw from the double major program at any semester during their study at their option.

Students who withdraw from the double major cannot study double major in a different undergraduate program and are also not eligible for the double major program which they withdrew.

Students who withdraw the double major program may complement the credit load of the elective course of the principal major with the courses they accomplished during the double major program providing such are not among the compulsory courses of the principal major program.

21 Repealed paragraph: O.J. April 1, 2014/27539.
Providing to meet the requirements of graduation from the principal major, students who withdraw or are suspended from the second major may exercise only one of the following rights:

a) Obtain an associate’s diploma if they have earned an associate degree as of the date of withdrawal or removal, or

b) Obtain a minor certificate if the requirements of the minor have been met on the date of graduation form the principal major. 25

**Undergraduate Transfer** 26 [27]

Article 9 – Double major students' undergraduate transfer to their respective second major is subject to the University Executive Board' terms and conditions applicable for internal transfer within the scope of the "Regulation on the Terms and Conditions of Undergraduate Transfer between the Institutions of Higher Education at Associate's and Bachelor's Level" pursuant to article 34 of the Credit Based Undergraduate Education and Examination Regulations.

Students subject to undergraduate transfer to a major different than the transfer between the principal major and second major may continue their double major program providing to meet the requirements of the double major program. 28

**CHAPTER THREE**

**Minor Education Program**

**Definition** [29]

Article 10 – Minor education is a second undergraduate program attended by students enrolled in an undergraduate program of the University, in order to increase their knowledge.

The program which the student is enrolled on the date of application is referred to as the "major", while the undergraduate program subject to application and admission is the "minor".

26 Amended clause heading: O.J. April 1, 2014/27539.
27 Pursuant to the transitory article 1, this clause is also applicable for students admitted for a double major or minor program before the 2010-2011 Academic Year.

Pursuant to the transitory article 1, this clause is also applicable for students admitted for a double major or minor program in the 2010-2011, 2011-2012, 2012-2013 and 2013-2014 academic years.

29 Pursuant to the transitory article 1, this clause is also applicable for students admitted for a double major or minor program in the 2010-2011, 2011-2012, 2012-2013 and 2013-2014 academic years.
Minor programs can be introduced by decision of the academic board upon recommendation of the relevant faculty's Executive Board. The courses required to be attended during the minor program are identified relevant faculty's Executive Board as minimum six courses and thirty credits except for the mutual courses of the faculty introducing the minor program and approved by the academic board. These courses are attended in addition to the courses in the principal major curriculum. Courses above six count for the students' elective courses in cases that require attendance to more than six minor program courses in excess of thirty credits. 30

A minor program for students who study at a certain bachelor's program can be introduced within the scope of a different bachelor's program upon recommendation of the relevant departments of the graduate programs and by decision of the Executive Board of the relevant faculty(s), and upon approval of the academic board. The courses to be attended in these programs are defined upon the terms and conditions of paragraph three.

The vacancies for the minor programs are identified by the Executive Board of the faculty which the minor program is associated with. 32

**Conditions of Application and Admission to Minor Program** (33)

Article 11 – Applications to the minor programs require enrollment to an undergraduate program of the University.

Students may apply for a minor program earliest at the beginning of the third, and latest at the beginning of the sixth semester. Application dates are identified by the University's Executive Board. 34

Application to a minor program requires a minimum GPA of 2.60 as of the beginning of the minor program's relevant semester, and satisfactory progression of all credit courses attended. 35

Except for the students who apply for double major or minor in a different undergraduate program during the course of their current minor, students who have lost their minor status or withdrawn from the minor program for any reason are not eligible to apply for or continue the minor program.

Decisions on the applications filed for the minor program are made by the Executive Board of the faculty which the minor program is affiliated to. In cases where the minimum number of courses to be attended as compulsory courses due to the principal program of the student who applied for a minor program and to be attended in addition to the principal program's curriculum drops below six, and the number of the minimum credit load drops below thirty, the courses required to complement the missing course and credit are defined by the faculty executive board of the minor program providing not to be among the compulsory courses of the major program. 36

---

30 Amended paragraph: O.J. June 30, 2014/29046.
31 Amended paragraph: O.J. June 30, 2014/29046.
33 Pursuant to the transitory article 1, this clause is also applicable for students admitted for a double major or minor program in the 2010-2011, 2011-2012, 2012-2013 and 2013-2014 academic years.
34 Amended paragraph: O.J. June 30, 2014/29046.
35 Amended paragraph: O.J. August 17, 2010/27675.
No simultaneous enrollment in multiple minor programs is allowed. Students who apply for a different minor during the course of their current minor education will be suspended from their existing minor upon acceptance of their application. ³⁷

Credit Load
Article 12 – Minor students are subject to the credit load restrictions imposed on undergraduate students. Students failing to attend the minor program courses for two subsequent semesters will be suspended from the minor program. ³⁸

Academic Standing
Article 13 – In order to continue the minor program, students are required to achieve a minimum GPA of 2.40 for the principal major. Students failing to meet this requirement will be suspended from the minor program. Courses attended instead of the elective courses are also taken into account for the calculation of the grade point average of the principal major. ³⁹

Completion of the Minor Program
Article 14 – The students' completion of their minor program requires;
  a) Earning a degree from the principal major,
  b) Satisfactory progression of the minor program courses, ⁴⁰ and
  c) A minimum GPA of (2.00) for both general point average and average for the minor courses.

Students who earn a degree in their principal major but cannot complete the minor program are granted maximum one semester period extension by decision of the Executive Board of their respective minor faculty. These students are required to meet the enrollment requirements for the minor program. ⁴¹

³⁶ Amended paragraph: O.J. June 30, 2014/29046.
³⁷ Amended paragraph: O.J. August 17, 2010/27675.
³⁸ Supplemental paragraph: O.J. August 17, 2010/27675. Pursuant to the Transitory Article 1 imposed by a regulation amendment, this paragraph shall not apply to students who were admitted to the minor program before the 2010-2011 Academic Term.
³⁹ The repealed clause (O.J. April 1, 2014/27539) has been modified: O.J. August 17, 2010/27675.
⁴⁰ Amended sub-paragraph: O.J. August 17, 2010/27675.
⁴¹ Amended paragraph: O.J. August 17, 2010/27675.
The minor program is indicated in the student's transcript and students are conferred a certificate of completion of the minor program. The certificate does not substitute the diploma. 42

Minor program students who satisfy the requirements stipulated in the second paragraph of the 27th clause of the Istanbul Bilgi University Undergraduate Education and Examination Regulation in terms of their principal major, are entitled to attend a supplementary exam for their principal major. To the extent of meeting the conditions listed below, students who graduate from their principal major and qualify to continue their minor are entitled a supplementary exam during the same semester and semesters continued upon course enrollment:

a) Students who have not satisfied the progression rules of a single course, but meet the required graduation point average, are entitled to a supplementary exam for the unsatisfied course.

b) Students who have not satisfied the progression rules of a single course are entitled to a supplementary exam for the unsatisfied course providing to qualify to meet the graduation point average if the progression of the same course is satisfied.

c) Students who fail to achieve the required graduation point average despite satisfactory progression of all courses required for graduation are entitled to a supplementary exam for a course they elect among the courses of the minor program, and providing to qualify the GPA requirements if they pass the exam. 43

The following rules shall apply for the examinations held under this clause:

a) Supplementary exams are not subject to any restrictions in terms of the highest score and the points scored in the exam replace the former point.

b) Excuses are not accepted for supplementary exams, and the provisions of make-up exams shall not apply.

c) Students who fail to meet the graduation requirements in the supplementary exam are subject to the rules of the repeat courses if applicable for their available period of study.

c) Supplementary exams are held after the finals and make-up exams if applicable.44

Withdrawal from the Minor Program

Article 15 - Minor students may withdraw from the minor program at any semester during their study at their option.

Students who withdrew from the minor program, and those suspended from the register for unsatisfactory progression are not eligible for further minor study of any undergraduate program. 45

---

42 Amended paragraph: O.J. August 17, 2010/27675.
45 Amended paragraph: O.J. August 17, 2010/27675.
The minor courses accomplished with satisfactory progression of the students who have withdrawn or are suspended from the minor program are substituted for the credit load of the elective course of the principal major. 46

CHAPTER FOUR
Honors Program

Description
Article 16 – Honors is a special educational program designed for students who have demonstrated outstanding achievements in their respective undergraduate program.

Special Conditions Applicable for the Honors Program
Article 17 – Honors students are subject to the provisions of this department regardless if contradictory with the provisions of the Istanbul Bilgi University, Education and Examination Regulations for Bachelor’s and Associate Degrees or this Regulation.

Introduction of the Honors Program
Article 18 – The honors program to be attended by students with satisfactory progression can be introduced by decision of the Academic Board.

Honors Program can be introduced only for four years undergraduate programs as of the third semester.

The fields to be covered by the Honors Program will be announced beforehand.

Conditions of Approval and Admission to the Honors Program
Article 19 – The required qualifications of the students who will attend the Honors Program, and the application dates are identified and made public by the University's Executive Board at the beginning of the Academic Year.

Students to be admitted for the Honors Program are elected by a commission composed of two full time lecturers to be appointed by the Honors Program Coordinator and the Executive Board of the University.

46 Amended paragraph: O.J. August 17, 2010/27675.
Education and Training in the Honors Program

Article 20 - … 47

Students who attend the Honors Program shall attend the compulsory courses of their respective year. Decisions whether the students will be asked to attend supplemental courses in addition to the compulsory courses, as well as the courses to be attended or the courses they will be elected among are made by the Academic Board at the beginning of the Academic Year.

The rules governing repeating a course during the Honors Program are defined by the Academic Board. 48

… 49

Students of the Honors Program are entitled to return to their undergraduate program in their respective major and in this case, their adaptations are effected by the University's Executive Board.

Graduation

Article 21 – Honors students who satisfy the requirements proposed for the Honors Program earn a degree.

The diploma of the students who accomplish the Honors Program indicates their education and satisfactory progression in the Honors program.

Paragraph two of the article 27 of the İstanbul Bilgi University, Credit Based Undergraduate Education and Examination Regulations for Bachelor’s and Associate Degrees, is also applicable for Honors students. 56

CHAPTER FIVE
